

LESSO

HDPE PIPE & FITTINGS

ADVANTAGES :

CONDUIT PIPE & FITTINGS

ADVANTAGES :

U-PVC PIPE & FITTINGS

ADVANTAGES :

NON-CONDUCTIVE

Good insulation, able to resist 25kv voltage, assuring a safe system.

FIRE RESISTANCE

Self-extinguishing, do not support combustion.

CORROSION RESISTANCE

Resistant to acids, bases and salts, assuring a lower maintenance cost and a longer performance life.

ATTRACTING APPEARANCE

Even colour, good appearance, suitable for indoor installation.

IMPACT STRENGTH

Resistant to compression & impact, no cracks occur due to screwing.

EASY TO INSTALL

Light weight, easy to transport, handle and install.

GOOD BREAKAGE RESISTANCE

The trunking won't be broke when peg the nail on it.

CORROSION RESISTANCE

The system can withstand the varied chemical agent and electrical-chemical corrosion.

GOOD RESISTANCE TO UNDERGROUND MOVEMENT OR GROUND LOAD

PE pipe has a excellent flexibility which can reach 350% in elongation at break. PE pipe has also good resistance against non-uniform settlement.

GOOD STRENGTH

Good resistance against rapid crack propagation.

LONG LIFETIME

Under normal circumstance, the system can last for at least 50 years.

LIGHT WEIGHT

Light weight can benefit the transportation and installation.

ENVIRONMENT-FRIENDLY

It can be recycled and reclaimed.

SANITARY

There is no heavy metal additives in PVC-U water pipe and it would not be covered with dirt or contaminated by bacterium.

HIGH FLOW CAPACITY

The smooth interior walls and low friction of PVC-U water pipe result in low flow resistance and high volume.

CORROSION RESISTANCE

PVC-U water pipe is non-conductors of electricity and unaffected by electrochemical reactions caused by acids, bases, and salts that cause corrosion in metals.

LOW INSTALLATION COSTS

PVC-U water pipe is lightweight and is installed with solvent cement, thread, flange, and gasketed joint. Ease of installation reduces the installation costs

LONGEVITY

PVC-U water pipe can work for more than 50 years under proper use.

ENVIRONMENT-FRIENDLY

PVC-U water pipe can be recycled.

PT. ASIA TIMUR MAKMURJAYA

SOLE DISTRIBUTOR INSULATION MATERIAL

FOR : ROOFING, DUCTING, CHILLER, REFRIGERANT

Jl. Pangeran Jayakarta 131 A No. 24 Jakarta Pusat 10730 - Indonesia
